

Presenting Dental Implant Therapy to Patients

Creating Patient Acceptance

Wednesday March 24, 2010

76 Pond Street

Sharon, MA

Registration & Dinner: 6:00 PM

Lecture: 6:30 PM– 8:30PM

Dr. Gary Nankin will explain in a succinct presentation how to have patients say yes to dental implant therapy. His presentation will describe three major areas to consider when trying to incorporate dental implant therapy or build dental implant case acceptance in your practice.

- Why you want to provide dental implant care in your practice
- What you can do with dental implants
- How you can approach your patients and create an environment to increase your patient's case acceptance

You will leave this program with concrete suggestions for how you can build not only the dental implant component of your practice but your entire office productivity as well

Registration: Please call 781-828-2808 to reserve your space.
